Hi Darcy –

Here are some talking points for your call with PT next week, along with some background for you on a couple of topics from the technical discussions. Let us know if you have questions.

One other note on consultation, Valois is going to meet with ORC and Kim V next week to develop a plan for coordinating with the NRC, and we will plan to schedule a meeting with you to get your buy in on the approach.

Thanks,  
Sarah

I believe the biggest “ask” from the meeting was a timeline for our next action. I’ll let Blake know I’m out of the office for a good share of the week to see if we can talk next week. Can you get me an update by Thursday this week on the status and ideas about timing?

Thanks!  
D

Hi Darcy,

I trust this finds you well – I am hoping we can schedule a follow up call for next week to our December meeting to discuss the status of “our asks” from this meeting.

My schedule is fairly flexible next week, but I am in Hong Kong, thus, early in the morning or late in the afternoon mountain time would work best for me.

Best,  
Blake
